This brochure is for descriptive purposes only and reasonable efforts were used to set forth the contained information; some items shown may be optional and some products shown may not be available at all dealerships. Kubota disclaims all representations and warranties, express or implied, or any liability from the use of this brochure. For complete warranty, safety and product information, consult your local Kubota dealer and the operator's manual. Power (HP/ KW) and other specifications are based on various standards or recommended practices. For your safety, Kubota strongly recommends the use of a Rollover Protective Structure (ROPS) and seat belt in almost all applications. This brochure is intended for the United States and US territories only. For information regarding Kubota products or services outside these areas, see Kubota Corporation's global web site. Kubota does not provide parts, warranty or service for any Product which is re-sold or retailed in any country other than the country for which the Product(s) were designed or manufactured.

# DURABILITY MEETS SPEED

The RTV-XG850 Sidekick is the ultimate vehicle for those who refuse to compromise. The perfect blend of utility performance and versatility, where durability meets speed. You can trust it will help get the job done. A Kubota gasoline engine powers the Sidekick, bringing decades of engine design and manufacturing expertise to the heart of the vehicle. Every machine comes standard with our 2-year or 1,000 hour warranty\*. Because trust is earned, not given.

\* For complete warranty, safety and product information, consult your local Kubota dealer and the operator's manual.

# READY FOR EVERYTHING

POWER THROUGH IT / DO IT WITH PURPOSE

ELEVATE YOUR EXPERIENCE / YOUR RELIABLE ADVANTAGE

# POWER THROUGH IT

When you have a job to get done, or the great outdoors calls, jump in your Sidekick and go. The Kubota engine in all 2025/2026 Sidekicks has enough power to make you feel prepared, no matter what the day might bring. Now, you can power through it with confidence.

## KUBOTA ENGINE

### Torque

The Kubota engine boasts 48 lb.-ft. of torque. Even under load, you can rely on the Sidekick to quickly get you to where you need to be.

### Horsepower

With the Kubota engine, at 54 HP\* and a top-speed of 40 mph, you get a utility-vehicle designed to maximize work and life.

\* Power (HP/KW) and other specifications are based on various standards or recommended practices.

### Hill Climb

Between the horsepower and torque increase, you can expect better hill climb performance when compared with prior model year Sidekicks. The difference is most noticeable in working conditions, like hauling material or towing a trailer. Now more than ever, you can be assured you have the performance to power through it.

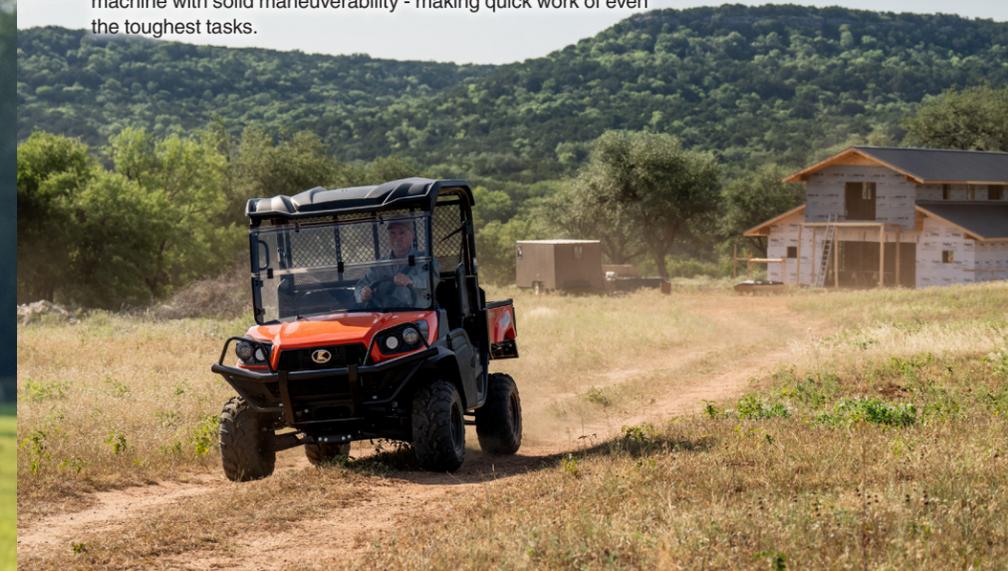

# DO IT WITH PURPOSE

The Sidekick is a machine built to maximize work and life. A crossover utility vehicle with an emphasis on utility, the machine is designed to get the toughest tasks done, quickly. The Sidekick lives up to its namesake, so no matter what you do, you can do it with purpose.

## Neutral Stance with Load

When the Sidekick is under a full cargo load, the machine sits relatively neutral. This stance helps the driver control the machine with solid maneuverability - making quick work of even the toughest tasks.

## Operating Performance with Load

The Sidekick is designed to perform consistently even with a full load of cargo. Meaning you can leverage all of the Sidekick's performance, with or without a full-capacity load in the cargo box.

See owners manual for load capacity and full specifications.

## Suspension

The front and rear independent suspension help support a smooth and comfortable ride. It provides stability in working applications, and confidence to traverse a variety of terrain when enjoying your favorite outdoor activity.

## Low-speed Control

The Kubota engine, paired with updated throttle mapping and accelerator pedal linkage provide greater control of the machine, especially at low-speeds. When precision is critical, the Sidekick provides the control necessary to ensure smooth operation of the machine.

**CARGO SPACE**

# ELEVATE YOUR EXPERIENCE

The Sidekick is a highly versatile machine, built to get the job done and elevate your experience. The 2025/2026 model year Sidekick offers smooth acceleration and great throttle control to give you a ride built for all-day comfort. Additionally, plenty of cargo space and optional cargo box accessories ensure you can bring whatever you need for the job or to enjoy a full day of exploration - enhanced by the Sidekick's ability to handle terrain.

**HANDLE TERRAIN**

**ALL DAY COMFORT**

**ENJOY THE ADVENTURE**

# YOUR RELIABLE ADVANTAGE

Wherever you go, the Sidekick will make the journey comfortable and convenient. From the digital meter panel and interior storage to the LED headlights and convenient utility features, the Sidekick has everything you need to enjoy the journey and the trip.

## Digital Cluster

The digital meter panel alerts you to almost all major vehicle functions including seatbelt, parking brake, overheating and intermediate gear control indicators. The modern white LCD display provides excellent visibility.

## Steel Cargo Box

The Sidekick is equipped with a steel cargo box that is ready for whatever the day may bring. A standard spray on bed liner helps to protect the cargo bed from damage while transporting various materials, tools and equipment. In addition, a wide range of cargo box options are also available to support various types of work and help maximize your comfort.

## LED Headlights

Let your Sidekick lead the way with bright LED headlights that help improve visibility in low-light conditions. For those who require more light output, an optional headlight upgrade is available which increases the LED lights from 2 to 4.

## Half Doors and Shoulder Guards

Half doors on both sides help keep out dirt, brush and other unwanted elements. The sidebars are designed with the customer in mind, especially those who get in and out of the vehicle frequently. Shoulder guards on the ROPS help keep occupants secure during vehicle operation.

## Flat Bench Seat

The flat bench seat is designed to support occupants with enough space for both driver and passenger to ride comfortably. Providing the appropriate space for both driver and passenger—now that's smart.

## Under-seat Storage Compartments

Large compartments under the bench seats are ideal for storing tools, tie-downs and personal items.

## Glove Box

A large glove box on the passenger side provides quick and convenient access to personal items and frequently used gear. For safety and security, the glove box is equipped with a cover and a key\*. (\*glove box door not available on general purpose model)

## Cup Holder

A convenient cup holder keeps your beverage tumbler or travel mug secure and always within reach.

## DC Outlet

Charge your phone or other electronic device on the go with a convenient DC outlet.

# ACCESSORY PACKAGES

## MARKSMAN PACKAGE

The Sidekick Marksman package is the hunter's ideal running mate. Built for the thrill of the hunt, 18 accessories provide more capability with enhanced vehicle protection and coverage from the elements\*. Perfect for those who need to cover long distances, move quickly, or will be hunting in especially rough or uneven terrain.
